Mr. Switzer,

It has been brought to my attention you should be advised that the State of Idaho, Nez Perce County, or the Lewiston Police department CANNOT charge Troy Munstermann with the crime of assault because the assault occurred over a year ago. Idaho has a statute of limitations on misdemeanors of one year from the date of the crime. So if the misdemeanor occurred over a year ago, it's past the statute of limitations.

Please see [https://legislature.idaho.gov/statutesrules/idstat/title19/t19ch4/sect19-403/#:~:text=19%2D403.,1\)%20year%20after%20its%20commission](https://legislature.idaho.gov/statutesrules/idstat/title19/t19ch4/sect19-403/#:~:text=19%2D403.,1)%20year%20after%20its%20commission).

So even if they did investigate, they couldn't do anything about it now.

Take care,

TT

Aggravated Felony assault has a time limit for seven years, Trae, and the removal of bone makes that a second degree felony, well within the seven year time limit of prosecution.

I will demand an assault charge be raised as well as an investigation into embezzlement, tax evasion, tax fraud, forgery and extortion ... Felony Financial Crimes... against him and them for as long as I like.

Your clients have made an enemy of themselves with their own words. I happen to stand by everything I've said.

As promised, double whatever settlement was previously offered.

Your clients are welcome to purchase the rights to my digital recordings and settle this matter for \$250,000 and removal of the lien on my RV.

Oh, and don't forget about the video of Vittoria apologizing for the caustic things that she's said about veterans, Troy for embarrassing his employer, family and his community and Kevin, for fostering and dangerous work environment via nepotism.

I intend to post their apologies for their actions on my YouTube channel in the absence of the audio conversations and written signed sworn statement by Troy Munstermann. 😊

In addition to the \$250,000 of course.

If you think that I'm "flexible" on this, you're mistaken.

Also, tell them to find a new lawyer. I'm quite done with you now that trial is over and we're waiting for the judges orders in which you'll get nothing from me. The next time you harass me I'm going to double it, again.

Good luck with all of your future clients, Trae.

That didn't address the question I asked.

I'm concerned about your mental health. It seems to be out of touch with reality and delusional. Are you capable of complying with the judge's order if he orders against you?

I'm not trying to be snarky, I'm trying to be compassionate. I'm concerned about how aware you are of the current situation. The court has already ruled against you on all the relevant matters to which you think you would entitled to any such judgments.

If you are not capable of following court orders, then we're in a different situation than I originally anticipated.

Please advise.

Address your concerns with your clients through court filings.

I'm hardly under any obligations to address them as, and this is important, you're not my lawyer (thankfully).

I see why your wife left you.

I'm quite well aware that your clients have made multiple fake profiles in my name in an attempt to vindicate themselves.

In fact, I have the signed sworn statements of seven people that those fake profiles have attempted to contact.

I wouldn't put it past them to additionally post to what you are referring to sway the opinions of the court in their favor.

Additionally, I have every right to demand the arrest of Troy Munstermann which I will continue to do regardless of how your clients feel about it.

I haven't posted anything that you're claiming and as you've repeatedly pointed out in every filing, Vittoria is not a named claimant in this case as you have dropped all claims of slander, liable or defamation.

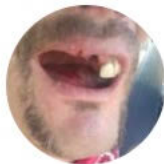

It'll be pretty difficult for you to begin to backpedal to addend her now to false accusations that I have done anything to defame her while waiting for the judge to tell you that you've lost.

Actually, your statement of first that I deleted it then producing whatever you say that I posted is indicative of the intent to file a fraudulent claim against me again.

No further correspondence please or you shall be receiving a call from Nez Perce County sheriff department next.

I've already affirmed that I don't know of what you are referring to in addition to sharing with you the intention of Troy Munstermann making false accusations over posting Vittoria's nude photos online one year ago.

You're obviously scared about the judges orders because you are continually harassing me and bullying me with fake profiles, doctored photos and you'll stop at nothing to discredit me to attempt to force me to settle.

No. From here forward no such settlement offer will be accepted visa vie Clark and Feeney associates or representative.

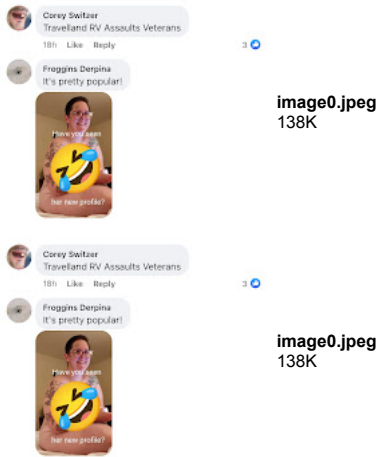

Your next email may as well be forwarded to the sheriff's office.

I have no idea what you are talking about. 🙄

Like I said, smart move taking it down.

I'm not doing anything with fake profiles, this was brought to my attention. If anyone is taking it to the authorities, it's ms. Puccini because the pic is of her without her consent. And if you don't enforcement regarding meta data for posting, then you'd be incorrect. Do not repost it, or legal action will be taken against you. And if profiles are discovered that she did not create which incl without her consent, that would be a serious felony. you've already had to defend against charges of that nature before, I know.

This is your notice not to post that imagine or any like them of ms. Puccini as you do not have her consent to do so. The next time you do it, the appropriate legal action will be taken.

I'll be sure to do that when you post the link and metadata to your, as of yet (and forever) unfounded accusations irrelevant to the case at hand, as you have long claimed that Vittoria Puccini a.k.a. Meghan McCreary is NOT a party to this case... and based upon a clipped and doctored photo already admitted by you to have previous knowledge of in a trial.

That doesn't fare well for your hollow extortive claims, Trae, which have NOTHING to do with this case.

In short, I look forward to it.

BCC'd to Nez Perce County Sheriff's office.

Mr. Switzer,

Posting such a picture without Ms. Puccini's consent would be a new case. We are now talking about a matter that is indeed outside the scope of the previous matter that has already been tried. I never mentioned this photo in trial because to my knowledge, the photo did not exist. The trial record can make that clear.

What we are talking about now would be an alleged violation of Idaho Code 18-6605 VIDEO VOYEURISM:

<https://legislature.idaho.gov/statutesrules/idstat/title18/t18ch66/sect18-6605/>

Which is felony you committed by posting such an image without her knowledge of consent.

Furthermore, the voicemail you received from Troy was the result of other pornographic videos you posted which were misunderstood to be of Ms. Puccini, but upon further review, was found to not have been Ms. Puccini. It did include a woman of similar body type and tattoos.

No one did this but you. If the Nez Perce County Sheriff's Office decides to get involved, I fully expect the case to become an investigation into you for committing the felony of video voyeurism. Please feel free to forward this to them as well.

Slow down. First of all, I never posted anything about Meghan naked online.

Second of all, your claim that I have hasn't been followed by any substantial proof that

- 1.) This was posted
- 2.) By me

3.) Online

You've posted a clearly edited photo of Meghan. That is extortion, especially since Meghan could have posted multiple profiles of herself.

Third, that your picture was the result of a video taken by me without her knowledge, consent and permission.

Go ahead, Trae. Your baseless extortion is CERTAINLY an attempt to make me settle.

I intend to haul you in front of the bar for this.
