Mr. Switzer,

To be clear, you have sent two pages that are not from the same author or document. The second page is your false allegations, not the statements of my Client and it's contents are disputed and currently the subject of ongoing litigation. Your allegations are baseless, false and fraudulent, as is your pattern of conduct.

You have previously been found guilty of criminal defamation, solicitation of a juvenile, forging checks, and felony burglary. Your self-serving statements are not credible.

Have a good night and I look forward to taking your deposition soon.

Trae D. Turner
